

Megh Bari

Frontend Developer | React.js, Next.js

Portfolio | meghbari01@gmail.com | [LinkedIn](#) | [Github](#)

+91 7887605632 | Mumbai, India

SUMMARY

Detail-oriented Frontend Developer specializing in building modern, responsive web applications using React.js, Next.js, Tailwind CSS, Framer Motion. Experienced in delivering polished user interfaces, optimizing developer experience, and contributing to open-source projects. Demonstrated ability to create scalable, well-documented solutions with a focus on performance and cross-browser compatibility. Passionate about clean UI collaborative development, and continuous learning.

EDUCATION

Theem College of Engineering

Bachelor of Technology in Artificial Intelligence and Machine Learning

Mumbai, Maharashtra

Aug. 2023 – 2027(expected)

PROJECTS

Pattern Craft | Next.js, Tailwind CSS

Live — [Github](#)

- Developed and maintain a curated collection of amazing background patterns and gradients with live previews and instant copy/paste for modern web projects.
- Attracted 4,000+ visitors, earned 74 Github stars, and collaborated with 3 contributors.
- Ensure full responsiveness and cross-browser compatibility.
- Optimized for developer experience perfect for use in landing page, portfolios and creative projects etc.

Next Theme Toggle | Javascript, Next.js, Tailwind CSS

Live — [Github](#)

- Created and publish a CLI tool for instant dark/light theme toggling in Next.js + Tailwind CSS v4 projects, supporting one-command setup and zero configuration.
- Released as a VS Code extension with 6 downloads.
- Automated component generation (ThemeToggle, Header, ExampleCard) with smooth transitions and system preference detection.
- Support both Typescript and Javascript projects for modern, responsive design.

Boilerkit | Javascript, Typescript

Live — [Github](#)

- Developed and maintain a Visual Code extension that instantly inserts boilerplate code for 30+ programming languages and frameworks using simple snippet triggers and no configuration required.
- Achieve 300+ downloads per month on npm and 3 Github stars.
- Enabled developers to boost productivity with ready-to-use code snippets triggered by keywords (eg: cppboiler, pyboiler, reactjsboiler).
- Published on the VS Code Marketplace with community contribution support for new languages and frameworks.

TECHNICAL SKILLS

Languages: C, C++, JavaScript, Typescript,

Frameworks & Libraries: React.js, Next.js, Express.js, Tailwind CSS, Node.js, Redux, Framer Motion

Backend & Runtime: Node.js

Database: MongoDB

Developer Tools: Git, Github, VS code, Vercel, Postman
